It deals exclusively with the Volume 2 force and merely refers
to army operations in the field, where interpretation of the
narrative demands. Il, especially pp. Internally the camp
appears to have been also divided into three parts, in one of
which it has been supposed, from a heap of stones which till
lately remained, that there was originally a place of greater
strength; while in another, distinguished by some irregular
elevations, it is conjectured that there was a wall, the
defence probably to the .

for extra is totally worth it. Upon the quay there is
occasionally somewhat of the activity of commerce; but
elsewhere it is as I have observed before, as well with the
people as the buildings.
