It states that English was adopted as the foreign language because it is the language most widely spoken and that it is the language of science and trade. Procedure Divide the class into two groups and with the aid of a projector and a power point presentation or just some cardboard notices the teacher projects a message to a group of students while the other group waits outside the classroom or stands in a place where Discourse in English Language Education cannot see the message. We can distinguish different genres as different ways of inter acting discursively' [ Somehow Flowerdew is OK with this, despite having a chapter on critical disc Other editions. Discourse in English Language Education introduces students to the major concepts and questions in Discourse Studies and their applications to language education. Thanks for telling us about the problem. To toggle navigation Additional Book Information. For instance, English teachers are often asked about the meaning of an isolated word without mentioning a context; this is because students may organise language in small units of meaning such as words, phrases, or chunks. Moreover, a teacher can use a natural piece of spoken discourse like a real recorded conversation, a phone call, an interview, or a speech to teach, for example, the suprasegmentals of English.
