These ways of seeing and understanding the world are varying historically, giving rise to different paradigms which affect the order of things and the perception of reality. Now this is not so.

This year our chiropractor joined us again, and brought her pre-teenaged daughter. He became familiar with it during his first trip to Mexico years earlier. While they make cool desktop wallpapers, most people don't think much about .

What role does nature play in your daily life? Read it once and then study it and take notes. Rose, James D.
