Hints: View this page full screen. For his part, Hitler continued to directly intervene at the operational level, and in August he ordered Hoth to turn around and head toward Stalingrad from the south.

It then reexamines the Red Army's dramatic offensive into the Donbas and Kharkov. Although short on pictures, the book is well organized and includes numerous maps - albeit some of the maps are incredibly difficult to read. The counteroffensive utterly surprised the Germans, who thought the Soviets incapable of mounting such an attack.

Thanks for telling us about the problem. Jochen Hellbeck.
