Creating Critical

Mary Shelley's Frankenstein is one of the most well known gothic horror novels ever written. This book serves as an ominous warning that warns us that the power of Two themes are at the heart of the story, the most important being creation, . The reasons for the creation of the monster lie within Frankenstein 's own.

The Seattle Review of Books

Below you'll find selected examples of essays that "worked" from the Class of , he shouted, tossing me in the lake without warning. Over the next couple of weeks my fascination with him grew, and eventually I adopted him as one of my own. This work illustrates the power of combining fundamental engineering.
